Autodesk Revit Advanced

Course Description:

This course will provide architectural and structural design professionals with Revit's advanced tool sets. This three-day class explores the more complex design, collaboration, and visualization tools shared by all three Revit applications.

Prerequisites: Students should have attended and completed the Autodesk Revit Architecture, Structure, or MEP Essentials courses. It is also recommended that the student have a working knowledge of Microsoft Windows XP, Vista, or 7.

Length:	3 days
Times:	8:30 AM - 4:30 PM
PDH Credit Hours:	19.5 hours

Representative Topics

- Importing & exporting CAD formats
- Worksets
- Interference checking
- Design options
- Advanced rendering techniques
- Linking Revit models
- Copy/monitor and coordination review
- Phasing
- Site tools

The suggested course duration is a guideline. Course topics and duration may be modified by the instructor based upon the knowledge and skill level of the course participants. Cancellation/Rescheduling Fee of 25% of the Daily Rate per Student will be assessed for anyone canceling or rescheduling a Synergis Training Class without at least 14 days notice. If applicable, the Cancellation or Rescheduling Fee will be invoiced to you automatically. Classes are confirmed based on the number of students registered and therefore cancellations and rescheduling of classes may affect other customers. Please be sure that you can attend the class dates for which you are registering when you submit your order.
